## **MSc in Nursing in UK Cost of Study**

International Masters applicants interested in [studying in the UK](#) must have sufficient funds which are distributed into three categories- the pre-arrival cost, the cost of study and the cost of living. It costs an average of 17,000 GBP - 65,000 GBP to study a master's program in nursing in the UK.

The post-arrival costs will include the tuition fees for studying MSc in nursing in UK and the cost of living in UK. Given below is an image comparing the overall cost involved while pursuing MSc in Nursing in UK:

Tuition fees for Overseas (non-EU) students increase by no more than 5% per year for the length of study. Thus, applicants are advised to factor this into their budget while making a financial plan for a master's program.

As per the graph, it can be concluded that the University of Sunderland has the highest cost and the University of Salford has the lowest. The range of these expenses lies between 21,754 to 47,708 GBP. For an Indian student, this will mean an overall cost of around 20 to 44 Lakhs. If the cost seems too much to cater to, you can apply for the scholarships available to study in the UK.

## MSc in Nursing in the UK with Scholarships

The UK Government has announced that nursing, midwifery, and many allied health students will benefit from guaranteed, additional support of at least 5,000 GBP a year. The funding will be available from next year and will not have to be repaid.
